

Winner of the 2017 Sanitary Maintenance Distributor Choice Award! Kutol Designer Series Wall Mount Dispensers

**KUTOL**
Hand Hygiene Specialists

Established in 1912, Kutol Products Company has enjoyed a long and successful history in the hand hygiene business. We manufacture all of our finished goods in our 160,000 square foot state-of-the-art LEED® Silver certified facility that houses Kutol's corporate offices, research and development, manufacturing and distribution operations. Built in 2011, Kutol is one of the first and only manufacturing plants in the facility management industry to earn a LEED Silver designation!

Kutol's R&D laboratory undertakes precise testing and validation of products. New formulations and packaging are approved only after rigorous trials and testing. State-of-the-art computer-aided manufacturing matches exacting formulations and meets the quality standards demanded by the customer and governmental agencies. Anyone can make products...Kutol makes 5 promises to its customers:

FLEXIBILITY

We customize products and dispenser programs to fit your needs.

SUSTAINABILITY

Our LEED Silver certified facility ensures a high degree of "green" compliance. In addition, we offer Green Seal™, BioPreferred™ and Eco Logo products that are tested and certified to meet or exceed environmental standards.

INNOVATION

We develop and design products and dispensing systems that perform better. Our products have unique features and benefits that save time and money!

VALUE

With our state-of-the-art, FDA-registered facility and efficient work force, Kutol is known throughout the industry as a high quality supplier. Our competitive prices and proprietary dispenser programs along with our reliable and consistent service, provides an almost unmatched VALUE to our customers.

STABILITY

Founded in 1912, Kutol has been a successful, family owned and operated business for over 100 years. With room for expansion and the continued investment in people and equipment, Kutol is poised for future growth.

Product Type: Soap Dispenser

Designer Series Wall Mount Dispensers combine "top dispensing" technology that eliminates leaks with more design choices. Users can customize the look with an easy-to-slide window card. GBC stocks the new larger 1250 ml size refills that gives you over 1600 doses per cartridge. Dispensers are available in both manual and automatic options to meet the ADA 4-inch hallway protrusion requirement.

- Unique Top-Dispensing technology – no risk of leaking valves
- You can see the product being dispensed – no wasted extra pushes
- Made from durable plastic with no metal parts – ideal for wet or dry conditions
- ADA push compliant with a secured locking option
- Optional push pad available to meet ADA 4" Hallway Requirement
- Larger refill indicator window with easy-to-slide product identification Window Cards
- Economical – dispenses only .75 mL per activation (hand wash) versus 1.5 mL for most bag-in-box systems

GBC looks for problem solving innovative companies that lower labor costs and save you money. For more information about Kutol Soap dispensers, contact
